

oxygenics® Aerators

Green Product

Saves over
32% water

Easy to Install, Easy to Save

How would you like to save as much as \$20 a year in water and energy costs? For the bath or the kitchen, our full line of aerators are designed to conserve resources and lower utility bills while providing you with great water pressure. Available with variable flow rates, the aerators are ideal for use in the kitchen or bathroom.

UNIVERSAL AERATOR

Saves 32% water compared to other aerators! Premium quality universal faucet aerator fits onto most faucets. Blends seamlessly with current fixture styling.

BATHROOM AERATOR

Saves 55% water compared to other aerators. Flow control flip allows water to be fine tuned from high to low for more water savings. Easy installation. Perfect for bathroom or mudroom use.

KITCHEN AERATOR

Saves 32% water compared to other aerators! Flow control flip allows water to be adjusted from high to low for additional water savings. Swivel head creates wide spray area. 2 spray settings.

AN AERATOR FOR EVERY SINK

No matter where you need it, there's an aerator designed for your application. Aerators create billions of microbubbles which help make soap and detergents work more effectively while rinsing cleaner. With just a flick of the wrist, change a flip aerator from a steady stream to a spray to help remove hardened food and debris from dishes.

UNIVERSAL FIT

Each aerator is dual threaded and designed to work with either male or female faucet threads. The necessary washers are included to make installation quick and simple on any type of faucet.
